All Colleagues	<ul style="list-style-type: none">• All colleagues have a duty to themselves and others under the Law and this policy.

4. Statement of Intent (Policy Principles)

- 4.1 The Company recognises that the management of occupational health and safety is integral to its business performance and is a legal requirement under the Law. The Company is committed (so far as is reasonably practicable) to continuously improving

the health, safety and welfare of the colleagues, clients, contractors and others who may be affected by its work activities.

4.2 The Company is committed to:

- 4.2.1 Preventing, so far as is reasonably practicable, accidents, incidents, and ill health. In the unlikely event of an accident, incident or ill health occurring, the Company will investigate to ensure that corrective actions can be taken to prevent reoccurrence and disseminate the findings to all colleagues.
- 4.2.2 Systematically measuring and reviewing the performance of its Health & Safety management with a view to enhancing and improving the benefits delivered.
- 4.2.3 Promoting colleague involvement in improving health and safety through consultation, involvement and the use of climate survey tools, workshops, bulletins and colleague inspections.
- 4.2.4 Ensuring colleagues are suitably trained and competent to carry out their duties under the health and safety policy.
- 4.2.5 Ensuring contractors are suitably qualified, experienced, and competent to undertake the works and are managed to ensure high standards of health and safety are achieved.

4.3 This Policy will be communicated to all colleagues during their induction to ensure that they understand their individual role and their health and safety obligations.

4.4 To ensure that Andium Homes manage risk in an effective manner we approach health and safety using a risk based approach. The Company will –

- undertake risk assessments to identify what could cause injury or illness, (hazards),
- determine how likely it is that someone could be harmed,
- determine the severity (the risk) and to
- take action to eliminate the hazard, or if this isn't possible, control the risk.

4.5 All risk assessments will be reviewed annually, or when changes occur, such as:

- staff.
- process.
- substances or equipment used.
- after an accident, incident, undesired event or near miss.

4.6 Health and safety aims and objectives are detailed within the “Health and Safety Policy Manual,” including the arrangements of how we will meet with the commitments we have made within our Statement of Intent.

The Health and Safety Policy Manual includes arrangements for the following:

1. Risk Assessment/Method Statement, (“RAMS”)
